

# Digital Learning Resources in the city of Copenhagen

web 2.0 is not **THE** answer

but it may be ONE of the answers 😊

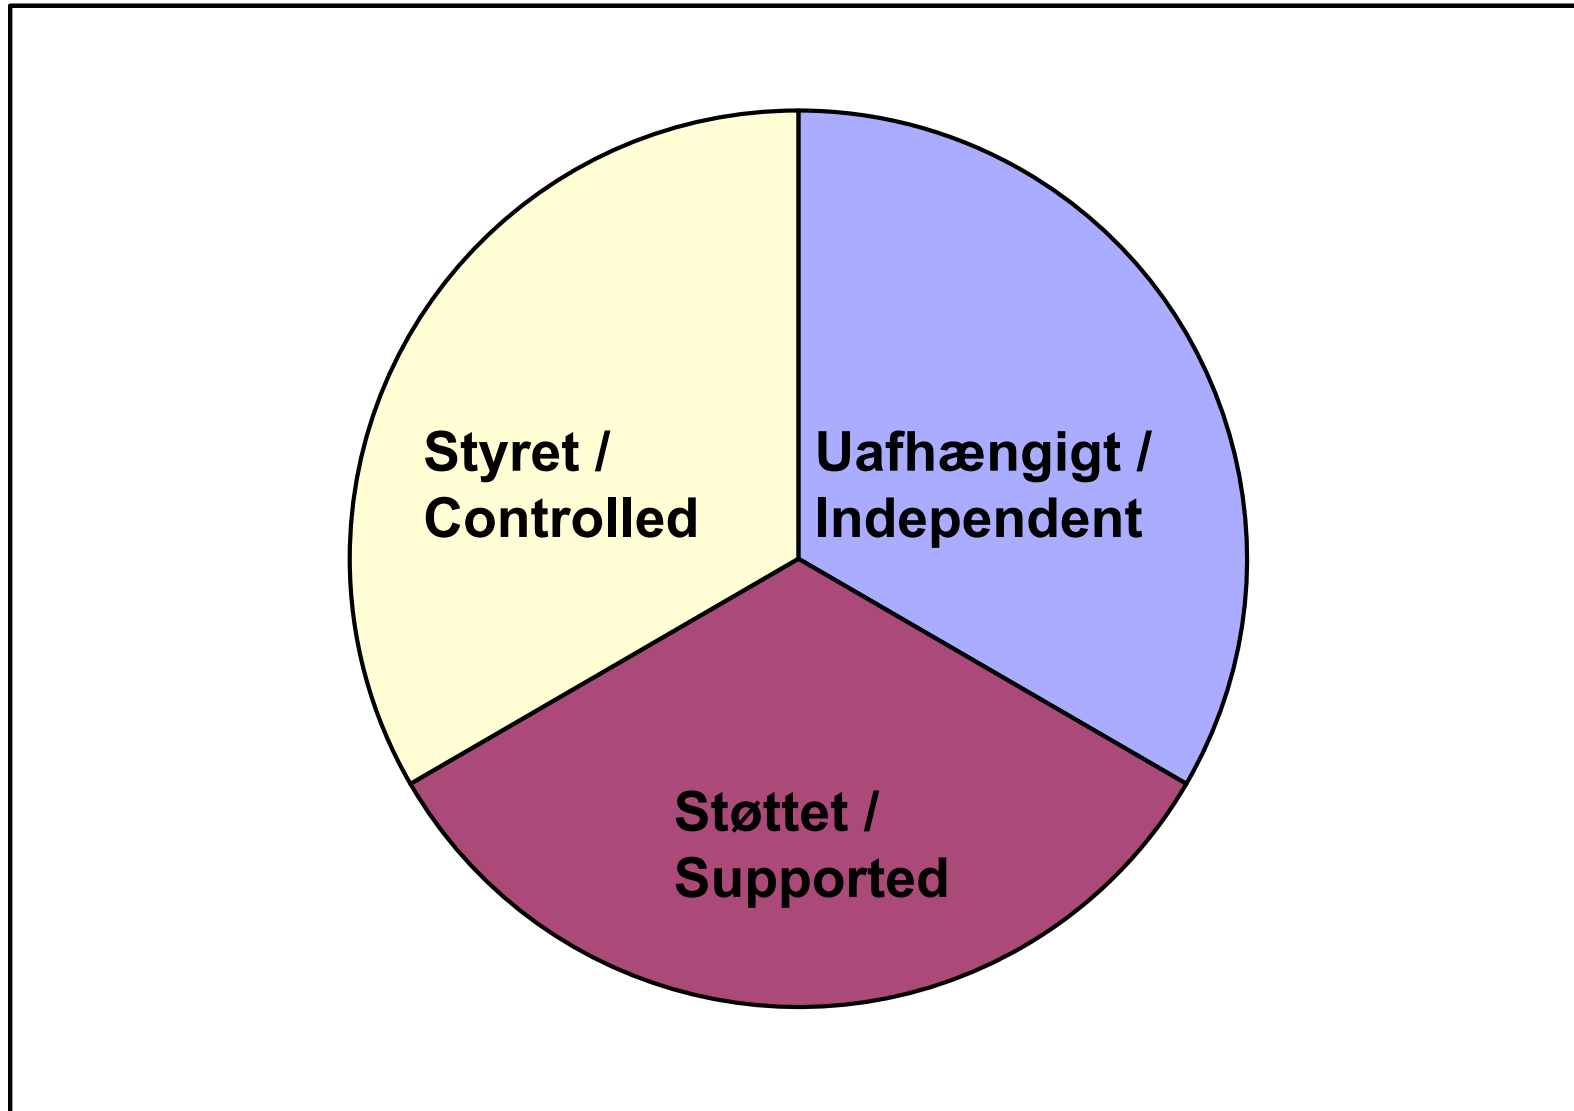

Jette Risgaard  
Center for Informatik  
København, DK

# Facts about Copenhagen

- 1 million inhabitants
- 8 school districts
- 72 schools
- App. 35.000 students age 6-16
- App. 3.500 teachers
- App. 250 school librarians and ICT-teachers => our Gatekeepers

# Teachers use of Learning Resources

(books, ICT-tools, DLR, .....)

**TRY: [www.mingoville.com](http://www.mingoville.com) it's English for beginners and free for 2 weeks**

**Digitale læremidler til skolen og hjemme i skoleåret 2008 - 09**

# Web 2.0 as competitions 'Fag-Olympiade'

- Website: [www.fagolympiade.kk.dk](http://www.fagolympiade.kk.dk)
- Who => class 7 students
- What => using ICT-tools for:
  - Sketch Up 3-D design
  - Short stories
  - Picture journalism
  - Inventions
  - Designing new boardgames
  - Food, Body and Health

# Evaluation of ICT/DLR use

- Too few users
- ICT problems (easier with books!)
- Teachers and students don't get the information
- Difference in approach depending on media? (books – ICT – DLR?)
- How do school librarians/ICT-teachers communicate with teachers and students?

What are the Gatekeepers doing? What kind of gatekeeper are YOU? Opening or closing gates?
